

CHRISTOPHER R. GADOMSKI
Curriculum Vitae

OBJECTIVE

To contribute 25 years of business development, marketing and strategic planning experience working on four continents in the carbon-free energy and financial services sectors to leading private and public educational institutions.

EDUCATION

Zicklin School of Business, Baruch College/CUNY, June 1986

MBA in Marketing Management

Thesis: Marketing High Technology Products to Developing Countries With A Case Study Of: Concentrating Photovoltaic Technology In The Middle East

Brooklyn Polytechnic University, June 1982

Masters of Science

College of the Holy Cross, May 1974

Bachelor of Arts

ACADEMIC EXPERIENCE

New York University, Center for Global Affairs, Fall 2005-Present

Adjunct Professor, teach *Energy Policy, The Economics and Finance of Energy, and Nuclear Energy, the Environment and Proliferation, and Water: Sustainability and Opportunities*

Zicklin School of Business, Baruch College/CUNY, Fall 2004-2007

Adjunct Professor, Department of Marketing and International Business

Award recipient of Mitsui Practitioner in Academia Grant to develop coursework and teach *Internet Marketing and Global Business*.

PROFESSIONAL EXPERIENCE

Bloomberg New Energy Finance, 2008-Present

As **Lead Analyst, Nuclear**, direct the firm's nuclear energy research team in developing a robust methodology for forecasting global nuclear investment in new build, innovative technologies, O&M, fuel cycle and decommissioning.

Strategic Marketing Inc./SMIdirect, 1982-2011

Advised clients on strategic planning, business development, technology initiatives and corporate communications programs primarily in the carbon-free energy, financial services and emerging markets sector.

MAJOR ACCOUNTS

Akzo Nobel Chemicals, BellSouth, Coastal Energy, Elektrim, Russian/Polish/Hungarian-American Enterprise Funds, IBM, MasterCard International, MAVA Capital, Merrill Lynch, Polish-American Mortgage Bank, Prentice Hall, Solarex Corporation, PIC Energy, United Nations Development Program, UNDP/Global Environmental Facility, U.S. Department Of Energy, U.S. Energy Association.

MAJOR ENERGY PROJECTS

- **Alpha Solarco, 1985-1988**

As Senior Foreign Trade Representative, completed USAID-sponsored market feasibility assessments in **Egypt**. Designed market entry and technology transfer strategy to establish local manufacturing of solar thermal technologies.

- **United Nations Development Program, 1986**

As an in-country renewable energy expert, (RAB/84/011) advised the Government of **Egypt** regarding the marketability and financing of solar energy products. Produced PC-based financing models for use by UNDP and Egyptian Electric Authority staff to train and to test, model and optimize least-cost subsidy and financing options. Developed short- and long-term marketing and management strategies to promote renewable technologies through export platform development.

- **US Department of Energy/Solarex, 1987 & 1991**

Hired as business development and marketing communications consultant to highlight the technological and field application success of Solarex Corporation, a then leading manufacturer of polycrystalline photovoltaic technology.

- **United Nations Development Program, 1988**

As an in-country renewable energy expert, (RAB/87/026) advised the Government of **Somalia** regarding renewable energy options for rural electrification. Traveled throughout the country to assess existing generation assets and to identify viable renewable energy alternatives. Developed PC-based analysis tools and trained local government, industry and UNDP personnel to apply them.

- **World Bank/US DOE FINESSE Project, 1989-1992**

Retained as marketing and business development consultant to FINESSE Project—a joint World Bank and US DOE effort. Investigated market, institutional and financial obstacles to widespread adoption of small-scale solar, hydro, and wind energy technology in **Indonesia, Malaysia, Thailand** and **The Philippines** and developed appropriate communications outreach.

- **Eastern European Marketing Group, 1990-1999**

Researched, wrote and published the *Eastern European Energy Report*, *The China Energy Report*, and *PowerPlays* Country Specific Studies highlighting marketing and financing “best-practices” in **China, Vietnam** and **Eastern Europe**.

- **World-Generation, 1997-2008**

Contribute editorial and design services to this BPA audited bi-monthly publication for utilities, producers and marketers of merchant megawatts worldwide.

- **United Nations Development Program/Global Environmental Facility, 1998**

Retained as public relations advisor to write and produce press releases and backgrounders on UNDP/GEF projects for distribution at the GEF Assembly in Delhi.

- **Coastal Energy, 1998**

Retained as energy analyst to assess the **Egyptian** power generation market.

- **Strauss & Troy, 1998**

Hired as an expert witness on independent power development in Eastern European power generation markets for the plaintiff in multi-million dollar lawsuit.

- **United States Energy Association, 1999-2007**

Provided multimedia and print marketing services for the Association and for the Cleaner Fossil Fuels Committee of the World Energy Congress

- **United Nations Development Program/Global Environmental Facility, 2002**

Produced lead marketing collateral material distributed at the World Summit on Sustainable Development in Johannesburg, **South Africa**.

- **Indeck Energy Services, Inc., 2008-2011**

Renewable energy business/project development in California.

MAJOR MARKETING PROJECTS

- **IBM, 1986-1991**

Retained as a marketing/business development consultant to produce technology application briefs, marketing proposals, and corporate brochures. Traveled extensively to visit customers. Produced IBM InfoWindow touch-screen application.

- **SEED Act Enterprise Funds, 1992-2005**

Hired as marketing communications consultant for Polish, Russian and Hungarian Enterprise Funds that became leading investors and lenders in these transformation economies. Conceptualized, designed, edited and produced 23 annual reports.

- **Elektrim Corporation, 1999-2000**

Retained during corporate restructuring to conceptualize and write 1998 and 1999 Annual Reports for this publicly traded power generation and telecommunications conglomerate—at the time the largest on the Warsaw Stock Exchange.

- **MasterCard International, 2002-2005**

Under subcontract to design studio, produced multimedia Flash marketing presentations for **FIFA World Cup 2006**, for **Major League Baseball** electronic scoreboard campaigns, and for international customer acquisitions.

Defense Marketing Services Inc., 1979-1981

As a **research analyst** for this then subsidiary of **McGraw-Hill**, reviewed R&D and financing trends for military and commercial projects and technologies. Advised the firm's new product development board.

United States Navy, 1974-1977

Earned Surface Warfare and Officer-Of-The-Deck qualifications. Managed 60 men and coordinated department training programs. Promoted to Lt.JG.

SELECTED PRESENTATIONS

Small Modular Reactors: The Economics and Challenges

2nd Annual SMR Conference, Columbia, SC April 2012.

Power Generation: The Future of Coal, Gas, Nuclear and Beyond

GARP, Energy Risk Forum, New York, NY February 2012.

Energy Future: Resource, Smart Grid, & Market Reform in Canada and US

Bloomberg Headquarters, New York, NY February 2012.

Fukushima: Impact on Global Nuclear Markets

Global Clean Energy Congress, Calgary, AB November 2011.

Water and Power: The Business Case

2nd Annual MENA Nuclear Construction Conference, Dubai, September 2011.

Nuclear Economics: How Large the Market?

2nd Nuclear Supply Chain Conference, Charlotte, NC June 2011.

Small Modular Reactors: The Business Case

SMR Conference, Columbia, SC April 2011.

Monetizing Clean Energy

Poland-Silicon Valley Technology Symposium, Stanford University, December 2010.

Global Nuclear Markets: Small Modular Reactors

I.N.E.D. Forum 2010, Barcelona, Spain, November 2010.

Small Reactor Choices: Financing, Challenges & Prospects

MENA Nuclear Construction Conference, Dubai, September 2010.

Economics of Nuclear Power: Is Carbon Pricing Relevant?

Power-Gen/Nuclear Power International, Las Vegas, December 2009.

Examining A Carbon-Free Alternative: An Evening With the Commissioner

Young Professionals In Energy, Columbia University, New York, April 2009.

Global Nuclear Power Generation: How Big A Renaissance, 2009

New Energy Finance Summit, London, March 2009.

Panelist at Conference On Renewable Energy, 2009

NYU/Government of Navarre Conference, New York, January 2009.

New Nuclear Market in the USA: How realistic are the projections?

Future Power Conference, London, November 2008.

Promoting Solar Energy In Germany, Lessons For San Diego County, 2007
San Diego Solar Energy Conference, October 2007.

Michael Mallinen, *et al.* vs. Cinergy 1998

Testimony as an expert witness on Eastern European power generation markets contributed to a favorable settlement on client's behalf in multi-million dollar lawsuit.

International Financing of Power Projects in China, 1995

Paper presented at Power-Gen Asia 1995, Singapore

International Financing of Power Projects in China, 1994

Paper presented at Power-Gen Asia 1994, Hong Kong

Development of Power in Vietnam, 1994

Paper presented at Power-Gen Asia 1994, Hong Kong

Power Generation Needs and Opportunities in Eastern Europe, 1991

Paper presented at Power-Gen 1991, Tampa, FL.

Power Generation in Eastern Europe: Behind The Golden Curtain, 1990

Paper presented at Power-Gen 1990, Orlando, FL.
